Additional Information

- Two outlet ports giving separate supply to two individual outlets.
- Mixed water must be supplied to the diverter, thus must be used in conjunction with thermostatic shower valve.
- Must be supported by rigid pipework / shower valve.
- Diverter does not act as on/off control, will only direct the flow of water.
- Supplied with metal handle.
- Single handle operation.
- To be used in conjunction with our Pick 'N' Mix showering options. Please see our Product and Price Guide for details.
- Chrome plated to BS EN 248.
